- I, being lawfully authorized to make decisions on behalf of the animal above, request My Kids Have Paws (MKHPVC) to perform an operation and/or vaccinate, prescribe, and treat with any services I have selected. I hereby forever release MKHPVC and each of the employees and veterinarians from any and all liability for any surgical procedures and/or services performed per my request.
- To my knowledge, the animal listed above is in good health.
- I understand that the operation I have elected presents some hazard and that injury to, post-operative infection, or death of the animal may conceivably result, for there is always some risk involved in such procedures. I understand that general anesthesia will be used throughout the surgery.
- I understand that a pre-surgery exam will be performed on my pet when possible, but that there are times when such an exam may only be performed after an animal is sedated or anesthetized.
- I understand that some factors significantly increase surgical risk, including, but not limited to pregnancy, heat, and diseases.
- I understand that if the pet is an acceptable surgical candidate, sterilization procedures will be performed regardless of pet's gender and/or medical condition, including but not limited to pregnancy. I understand that if the pet is pregnant, the pregnancy will be terminated at the time of surgery.
- I understand the risks of not keeping my pet up to date on vaccinations and waive all claims to any illnesses post-operatively that my pet may contract. I am responsible for treatment at my own cost.
- I understand that **if my pet has fleas, a flea product** (including, but not limited to, Nitenpyram, Lufenuron, or Revolution) **will be given to** the animal. I agree to the \$5-8 fee for this treatment.
- I understand that if the animal is not the gender that was initially presented and the animal is already under anesthesia, the surgery will move forward for the safety of the animal. I am responsible for any additional fees associated with the procedure.
- I agree that my pet's photo may be taken and used on social media or other promotional purposes.
- I understand that MKHPVC has the right to refuse service and/or procedure for any animal for any reason, including, but not limited to, situations where surgery is deemed a health risk. Such refusal is at the sole discretion of the veterinarian.
- I am at least 18 years of age, have read this agreement carefully and in its entirety and I understand the contents of this agreement. I voluntarily sign this agreement of my own free will. I also understand the fees associated with the services that I have requested and agree to pay them at the time of service unless other arrangements are made ahead of time.
